

PA690

Rugged Handheld Computer

Stay competitive

The Unitech PA690 is a rugged handheld computer designed to empower your mobile workforce in today's aggressive business environment. As productivity and efficiency define the benchmark for success, the PA690 provides field-based workers with a host of data collection tools and a comprehensive wireless communication platform, all in a compact, durable and ergonomic form factor.

Faster and more productive

The PA690 is powered by an 806MHz Marvell PXA320 processor and runs on Windows Embedded Handheld 6.5, so you have the power to run even the most demanding mobile solutions. With 256MB of Mobile DDR SDRAM and 512MB of NaND Flash, the PA690 boasts ample internal memory. Also featuring a microSD expansion slot, the PA690 can support an additional 32GB of storage capacity for data-intensive applications.

Mobility at its best

Able to withstand multiple 5-foot drops to concrete and IP65-sealed against water and dust, the PA690 is an extremely rugged outside-the-four-walls device you can count on to perform under harsh conditions. This durable design mitigates device downtime that negatively impacts business critical applications.

The PA690 features a comprehensive wireless platform that includes integrated GPS, Bluetooth, WiFi and 3.5G connectivity. The PA690's dual external antennas for WWAN and WLAN ensures excellent wireless connectivity and performance. Field mobile workers can easily access information and accelerate their workflow while they're on the go.

Data collection made easy

Equipped with multiple data collection options, the PA690 helps enhance productivity and efficiency. Standard models include an integrated 1D laser scanner, 5.0 megapixel camera with flash for image and video capture, QWERTY keypad and sunlight-readable color touchscreen. The 3.8" backlit WVGA display is our highest resolution screen, making it easier for you to view pertinent information.

Accessories and options

Not all mobile applications are alike, so the PA690 offers various model options and accessories to fit your needs. Customize your device with additional features, such as a 2D imager scanner, HF RFID reader or gun grip for scan intensive applications. Unitech also offers a wide selection of accessories for your PA690. Complement your mobile solution with various communication and charging cradles, extended batteries, car kits and headsets - anything and everything you'll need to make the PA690 the ideal rugged handheld solution for your mobile workforce.
